

FOR IMMEDIATE RELEASE: November 2013

AWARD WINNING EXCEL GROUP EXPANDS TO RICHMOND

STERLING, VA – Excel Group is pleased to make two announcements: First, their company Excel Transportation Services, Inc. recently received a Small Business award and secondly, the opening of the Richmond Virginia market.

Earlier this month, Excel Transportation Services, Inc. was nominated in a competition sponsored by the Loudoun County Chamber of Commerce. Once the company was chosen as a finalist, clients were invited to vote for them. On November 6, Excel Transportation Services, Inc. was awarded Small Service Business of the Year by this local Chamber. In a recent announcement to clients and employees, Chris Marchetti, President and CEO asserted that “we would not have been able to win this award without the support of our wonderful clients, our dedicated employees, and our team of drivers who make the deliveries every day.”

Excel Group is also pleased to announce the opening of a Richmond office in late October. The announcement follows on the heels of the opening of a new 42,000 square foot headquarters facility in Sterling, VA and a new warehouse located in Beltsville, MD earlier this year.

Chris Marchetti, President and CEO, commented on the company’s rapid expansion: “We had clients requesting our spare parts distribution services in the Richmond area to handle their growing business. We had always planned on opening Richmond, as we have been serving Northern Virginia for quite some time now. Richmond is strategic to our long-term expansion plans, and we are delighted to be there,” says Marchetti.

The new office and warehouse are located at 8401 Sanford Drive, Richmond, VA, 23228.

About Excel Group

Established in 1985, Excel Group is comprised of two divisions, Courier and Transportation/Logistics. Excel Courier offers the most reliable same day delivery service available, helping clients fulfill all of their delivery commitments in and around the Mid-Atlantic region. Their fleet consists of a wide range of vehicles from compact cars to tractor trailers - all equipped with GPS and state-of-the-art communication supported by real-time tracking. The company accepts scheduled or on call orders, and will deliver anything from a letter to a tractor-trailer of goods. Their drivers are specially trained to handle all types of deliveries including medical and are HIPAA and TSA compliant.

Excel Transportation and Logistics provides efficient and effective management of flow-of-goods from origin to end consumer, including any number of destinations in between. With warehousing services that include critical parts management, pick-and-pack, inventory management and same day delivery, Excel offers complete solutions which are customized to each client's needs.

All Excel divisions operate 24x7x365 and provide all services during those hours.
